Only call the Homeless Connection Line if you are currently homeless; sleeping outside, in a tent, abandoned building, park, car. This guidance ensures that individuals who need help can get connected to it faster.

The Homeless Connection Line has resources and capabilities to assist callers who are currently homeless.

The HCL is a vital resource for individuals and families currently experiencing homelessness.

The Homeless Connection Line does not have the resources to assist those not experiencing homelessness. For other housing support and resources, please contact 211. If you are experiencing domestic violence, please contact at [800-799-7233](tel:800-799-7233). If you want to find ways to help our neighbors experiencing homelessness, visit our Give Help page.

WHAT NEEDS ARE NOT SERVED BY THE HCL?

HOW DOES IT WORK?

The Homeless Connection Line serves as the entry point for homelessness services within the Lowcountry Continuum of Care.

Trained Diversion Specialists have a compassionate conversation with the caller to understand the most relevant resources for that individual's circumstance. Callers are then connected to the resources most relevant for their particular situation.
